Project : Transparent and Genuine Charity Application

Status : Submitted

1. What Progress you have made in the Project ?

We as a team learnt how to create smart contracts for ethereum blockchain and how to deploy them on the same Blockchain. We also learnt how to identify the transactions on the test blockchain network in order to understand the data contained in them and also how the transactions are added to the blocks and how they are mined.

2. What challenge you have faced ?

Since Blockchain is in infant stage still, there werent many resources which covered each and everything and instead we had to refer to multiple sources.

3. What support you need ?

No support is needed

4. Which literature you have referred ?

Ethereum Documentation Solidity Documentation
